All about me

Hello everyone!

My name is Mohammad. I have just finished working in an international school in Dubai. I am keen to develop my skills and experience working in teaching.

I really enjoy being a teacher in Dovecote Green Primary School where I am meeting many interesting people. I love my students very much and I like to give my best to create a pleasant atmosphere for them.

When I am not teaching, I enjoy reading the news and writing poems and I love swimming with my daughter Jasmine.
