

Meet Your Teacher

Your new teacher is:
Mrs Wood

All about me

I am delighted to be teaching here at Dovecote Green Primary School as a Foundation Stage teacher in FS1. I am from South Wales, which is also where I completed my BA (hons) degree in early Years Development and Education. Before arriving in Dubai, I had been lucky enough to experience teaching both in UK and Saudi Arabia. I am a passionate early year's educator, my aim is to inspire the children in my class to become independent both in mind and body, by facilitating their learning through stimulating and engaging opportunities to learn. My classroom is one, which is a hive of exploration and where chatter is encouraged. My favourite thing about teaching? That would have to be meeting my new class and getting to know both the children and their parents.
